Policy Framework

The 2006 Education and Training Reform Act (ETRA) underpins the Department of Education and Training (DET) enrolment policy which can be found at:

http://www.education.vic.gov.au/school/principals/spag/Pages/azindexe.aspx

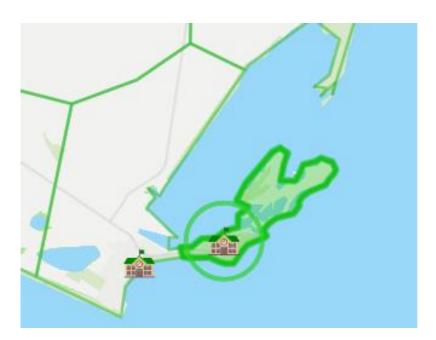

The policy states that all eligible children and young people have the right to be admitted to their designated neighbourhood government school.

2021 School zone

The Queenscliff Primary School zone has been approved by the Minister for Education and ensures consistency with DET policy and the ETRA legislation regarding closest school.

A student's designated neighbourhood school is generally the school that is nearest the student's permanent address as determined by the school zone. The website https://www.findmyschool.vic.gov.au provides guidance on which school zone a student's permanent residence is located within.

QUEENSCLIFF PRIMARY SCHOOL ENROLMENT MANAGEMENT PLAN 2021/22

Priority Order of Placement

The potential future demand for enrolment places from within the local community indicates that Queenscliff Primary School must manage enrolments carefully and in accordance with the Priority Placement Order in the Enrolment Policy. A student's permanent place of address determines eligibility for enrolment at Queenscliff Primary School.

Where there are insufficient places at a school for all students who seek entry, students are enrolled according to the Placement Policy's priority order of placement, which has five criteria.

In circumstances when a school may not be able to accept all applications due to existing or future capacity concerns, schools must manage enrolment applications in accordance with the following priority order of placement:

- 1. Students for whom the school is the designated neighbourhood school.
- 2. Students with a sibling at the same permanent address who are attending the school at the same time.
- 3. Where the Regional Director has restricted the enrolment, students who reside nearest the school.
- 4. Students seeking enrolment on specific curriculum grounds.
- 5. All other students in order of closeness of their home to the school

In exceptional circumstances, a student may be enrolled in a school based on compassionate grounds. **This** is an overarching consideration and does not form part of the priority order of placement. Schools are permitted to assess and make a determination for exceptional circumstances on a case-by-case basis.

Schools must ensure that all applicants eligible under a criterion have been offered a place before moving to consideration of the next. All students for whom the school is the designated neighbourhood school are guaranteed enrolment.
